Need for Digital Data Reporting for FSTPs

No digital data reporting

Infrastructure breakdown

Septage volume received at FSTP

Total septic tanks emptied

Utilization of FSTP

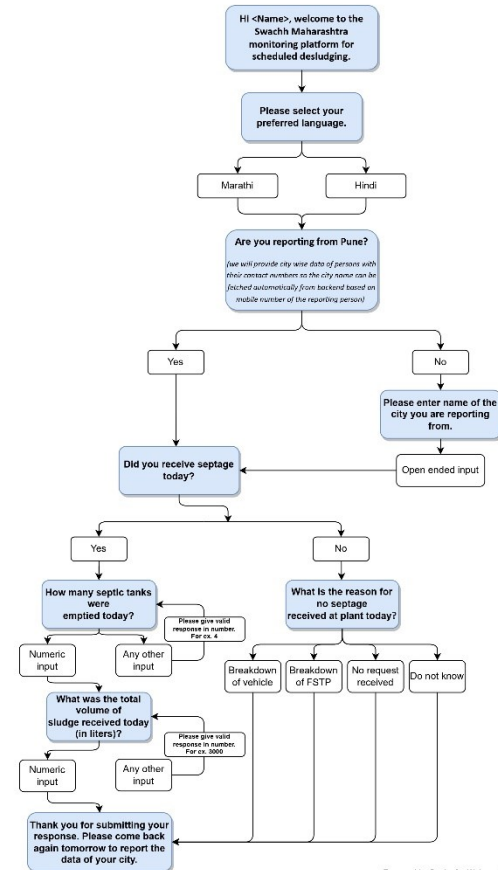

- SaniChatbot (Whatsapp based chatbot system) is developed for monitoring FSTP data.
- Informative dashboard supporting the State to understand performance of FSTPs in cities.

Questionnaire Deployed on SaniChatbot

- Select preferred language
- Confirmation of reporting city
- Is Septage received today?
- Number of septic tanks emptied
- Volume of septage received
- In case septage is not received, select reason

Workflow of FSTP data reporting system

Options

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910-910-910-910

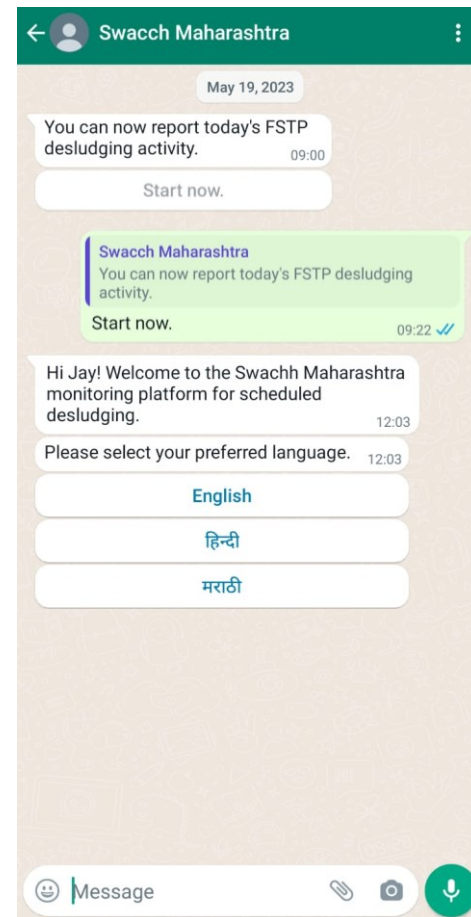

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910-123-4567
- You will receive message at scheduled time. Click on 'Start Now' to report data of your city

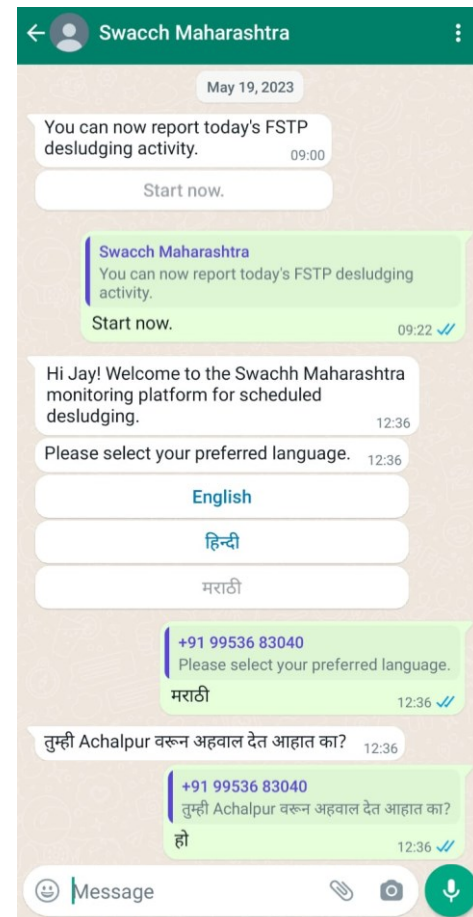

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910-910-9109
- You will receive message at scheduled time. Click on 'Start Now' to report data of your city
- Select your preferred language in the next message

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910 
- You will receive message at scheduled time. Click on 'Start Now' to report data of your city
- Select your preferred language in the next message
- Confirm name of the city you are reporting from

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910 
- You will receive message at scheduled time. Click on 'Start Now' to report data of your city
- Select your preferred language in the next message
- Confirm name of the city you are reporting from

If septage is received:

- Select 'Yes' if septage is received at the FSTP

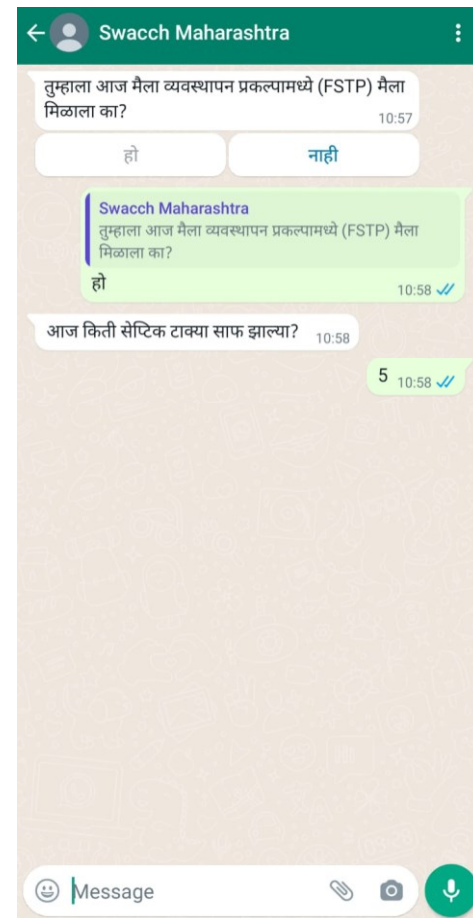

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910-XXXX-XXXX
- You will receive message at scheduled time. Click on 'Start Now' to report data of your city
- Select your preferred language in the next message
- Confirm name of the city you are reporting from

If septage is received:

- Select 'Yes' if septage is received at the FSTP
- Enter number of septic tanks emptied today. *'Do not enter any character. Only enter a number.'*

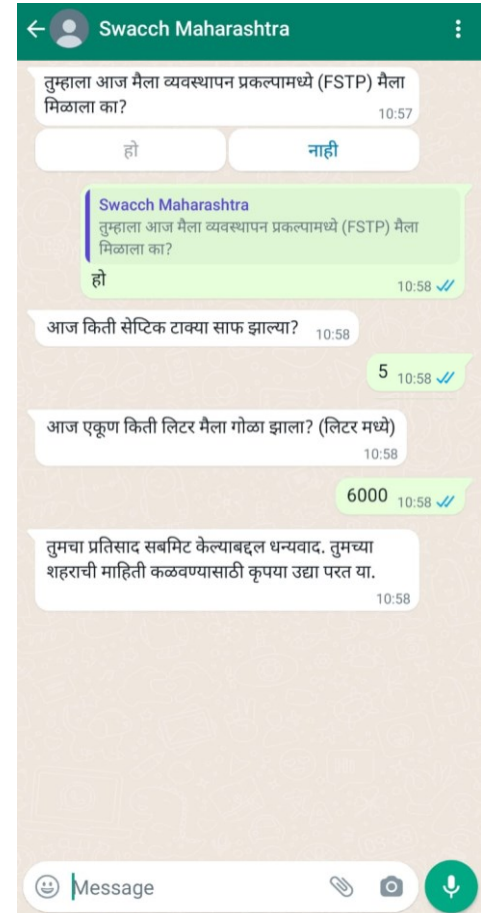

User Guide to Use SaniChatbot

- Save this number as Swachh Maharashtra -  910 
- You will receive message at scheduled time. Click on 'Start Now' to report data of your city
- Select your preferred language in the next message
- Confirm name of the city you are reporting from

If septage is received:

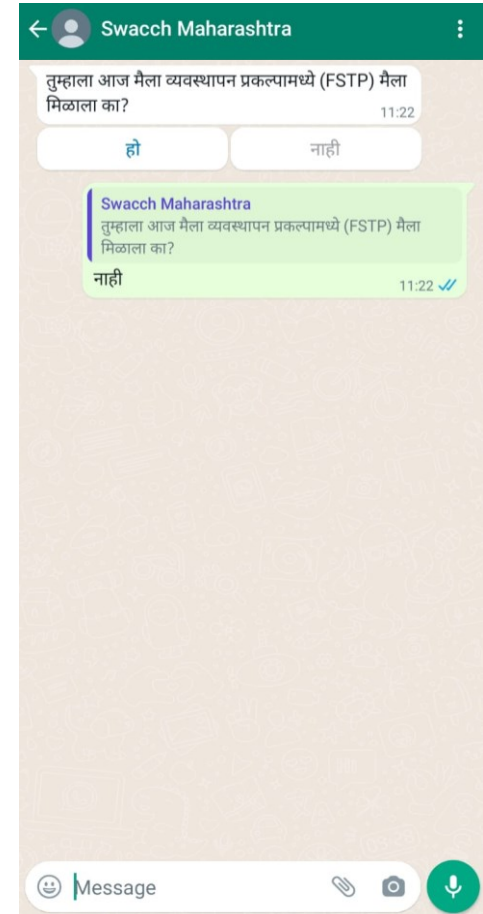

- Select 'Yes' if septage is received at the FSTP
- Enter number of septic tanks emptied today. *'Do not enter any character. Only enter a number.'*
- Enter quantity of sludge received at the FSTP today. *'Do not enter any character. Only enter a number.'*

User Guide to Use SaniChatbot

If septage is NOT received:

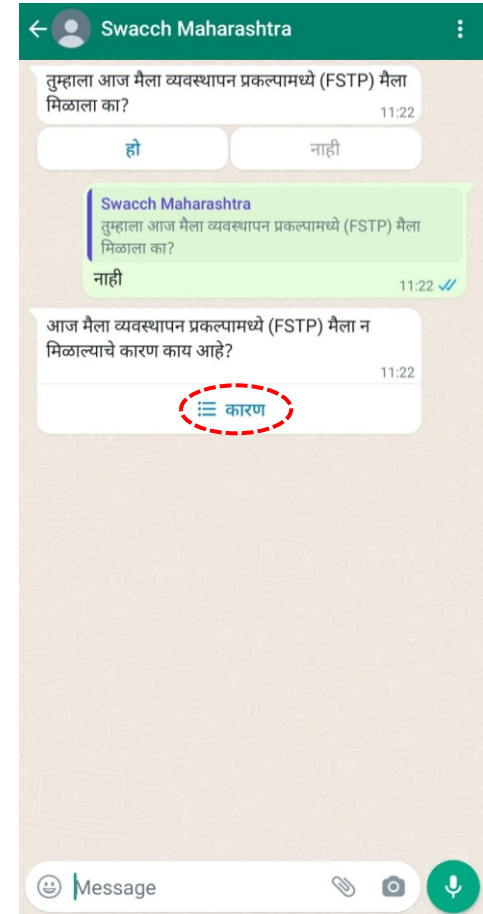

- Select 'No' if septage is not received at the FSTP

User Guide to Use SaniChatbot

If septage is NOT received:

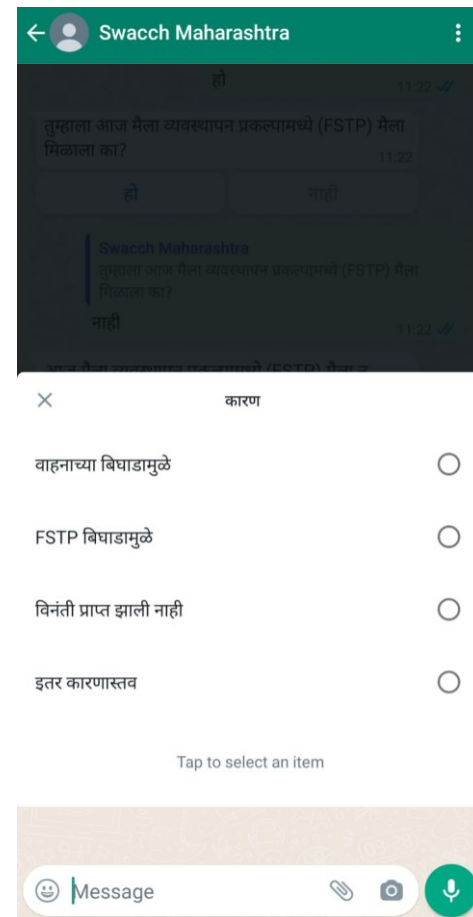

- Select 'No' if septage is not received at the FSTP
- Press on reason (≡ कारण) for septage not received.

User Guide to Use SaniChatbot

If septage is NOT received:

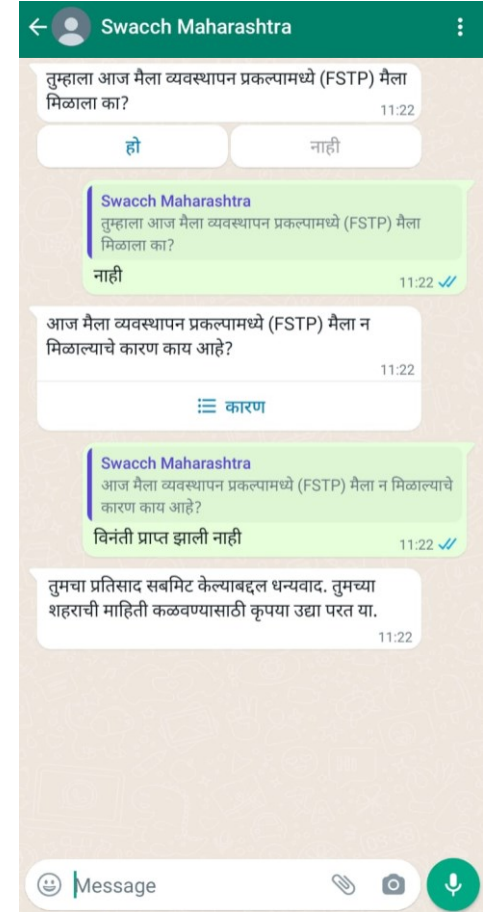

- Select 'No' if septage is not received at the FSTP
- Press on reason (☰ कारण) for septage not received.
- Select an appropriate reason for not receiving septage at FSTP

User Guide to Use SaniChatbot

If septage is NOT received:

- Select 'No' if septage is not received at the FSTP
- Press on reason ( कारण) for septage not received.
- Select an appropriate reason for not receiving septage at FSTP
- Once the reason is selected, you will receive Thank you message for submitting your response.

Instruction to Use SaniChatbot

- Data must be reported on a daily basis, regardless of septage received. If no septage is received at FSTP, submit data by selecting 'No' for the question 'Did you receive septage today at FSTP?'
- Submit data only once per day. You will be prompted to report your data at scheduled time. Avoid reporting multiple times in a day.
- Report cumulative data for the entire day. For example, if 9,000 liters of sludge is received in 3 trips, report this total number once instead of per trip.
- Complete the reporting within 10 minutes to avoid session termination, otherwise status of your city will be seen as unreported for that day.
- Once thank you message is received, it means that you have successfully completed data reporting.
- In case of any query in using SaniChatbot system, please contact CWAS Maharashtra State team.

THANK YOU

About us

The Center for Water and Sanitation (CWAS) is a part of CEPT Research and Development Foundation (CRDF) at CEPT University. CWAS undertakes action-research, implementation support, capacity building and advocacy in the field of urban water and sanitation. Acting as a thought catalyst and facilitator, CWAS works closely with all levels of governments - national, state and local to support them in delivering water and sanitation services in an efficient, effective and equitable manner.
